

§ 344.8

ninety-day certificates of indebtedness, at the owner's option, are:

- (1) Payable at maturity;
- (2) Redeemable before maturity, provided funds are available for redemption; or
- (3) Reinvested in Demand Deposit securities.

§ 344.8 What other provisions apply to subscriptions for Demand Deposit securities?

(a) *When is my subscription due?* The subscriber must fix the issue date of each security in the subscription. You cannot change the issue date to require issuance earlier or later than the issue date originally specified; provided, however, you may change the issue date up to seven days after the original issue date if you establish to the satisfaction of Treasury that such change is required as a result of circumstances that were unforeseen at the time of the subscription and are beyond the issuer's control (for example, a natural disaster). The issue date must be a business day. The issue date cannot be more than sixty days after the date BPD receives the subscription. If the subscription is for \$10 million or less, BPD must receive the subscription at least five days before the issue date. If the subscription is for more than \$10 million, BPD must receive the subscription at least seven days before the issue date.

(b) *How do I start the subscription process?* A subscriber starts the subscription process by entering into SLGSafe the following information:

- (1) The issue date;
- (2) The total principal amount;
- (3) The issuer's name and Taxpayer Identification Number;
- (4) The title of an official authorized to purchase SLGS securities;
- (5) A description of the tax-exempt bond issue; and
- (6) The certification required by § 344.2(e)(1), if the subscription is submitted by an agent of the issuer.

(c) *Under what circumstances can I cancel a subscription?* You cannot cancel a subscription unless you establish, to the satisfaction of Treasury, that the cancellation is required for reasons unrelated to the use of the SLGS program to create a cost-free option.

31 CFR Ch. II (7-1-08 Edition)

(d) *How do I change a subscription?* You can change a subscription on or before 3 p.m., Eastern time, on the issue date. You may change the aggregate principal amount specified in the subscription by no more than ten percent, above or below the amount originally specified in the subscription.

(e) *How do I complete the subscription process?* The subscription must:

- (1) Be dated and submitted electronically by an official authorized to make the purchase;
- (2) Include the certifications required by § 344.2(e)(2)(i) (relating to yield); and
- (3) Include the information required under paragraph (b) of this section, if not already provided.

§ 344.9 How do I redeem a Demand Deposit security?

(a) *When must I notify BPD to redeem a security?* A Demand Deposit security can be redeemed at the owner's option, if BPD receives a request for redemption not less than:

- (1) One business day before the requested redemption date for redemptions of \$10 million or less; and
- (2) Three business days before the requested redemption date for redemptions of more than \$10 million.

(b) *Can I request partial redemption of a security balance?* You may request partial redemptions in any amount. If your account balance is less than \$1,000, it must be redeemed in total.

(c) *Do I have to submit a request for redemption?* Yes. An official authorized to redeem the securities must submit an electronic request through SLGSafe. The request must show the Taxpayer Identification Number of the issuer, the security number, and the dollar amount of the securities to be redeemed. BPD must receive the request by 3 p.m., Eastern time on the required day. You cannot cancel the request.

Subpart D—Special Zero Interest Securities

SOURCE: 70 FR 37911, June 30, 2005, unless otherwise noted.

§ 344.10 What are Special Zero Interest securities?

Special zero interest securities were issued as certificates of indebtedness

and notes. The provisions of subpart B of this part (Time Deposit securities) apply except as specified in Subpart D of this part. Special Zero Interest securities were discontinued on October 28, 1996. The only zero interest securities available after October 28, 1996, are zero interest Time Deposit securities that are subject to subpart B of this part.

§ 344.11 How do I redeem a Special Zero Interest Security before maturity?

Follow the provisions of § 344.6(a) through (g), except that no market

charge or penalty will apply when you redeem a special zero interest security before maturity.

APPENDIX A TO PART 344—EARLY REDEMPTION MARKET CHARGE FORMULAS AND EXAMPLES FOR SUBSCRIPTIONS FROM DECEMBER 28, 1976, THROUGH OCTOBER 27, 1996

(a) The amount of the market charge for bonds and notes subscribed for before October 28, 1996 can be determined by the following formula:

$$M = \frac{\left(\frac{b}{2}\right) \times \left(\frac{r}{s}\right) + \left(\frac{b}{2}\right) a_n}{1 + \left(\frac{r}{s}\right) \times \left(\frac{i}{2}\right)}$$

(Equation 1)

WHERE:	
M =	Market charge
b =	Increased annual borrowing cost (i.e., principal multiplied by the excess of the current borrowing rate for the period from redemption to original maturity of note or bond over the rate for the security)
r =	Number of days from redemption date to next interest payment date
s =	Number of days in current semi-annual period
i =	Treasury borrowing rate over the remaining term to maturity, based on semi-annual interest payments and expressed in decimals
n =	Number of remaining full semi-annual periods from the redemption date to the original maturity date, except that if the redemption date is on an interest payment date, n will be one less than the number of full semi-annual periods remaining to maturity
v^n =	$1/(1 + i/2)^n$ = present value of 1 due at the end of n periods (Equation 2)
a_n =	$(1 - v^n)/(i/2) = v + v^2 + v^3 + \dots + v^n$ = present value of 1 per period for n periods (Equation 3)
